

## **GPSR Compliance Statement – digital crochet pattern**

This product complies with the General Product Safety Regulation (GPSR) 2024 requirements. It is a digital crochet pattern designed for personal use.

### **Product Description**

This product is a digital downloadable (PDF) crochet pattern. The pattern provides guidelines on how to crochet products at home. The product itself is a digital PDF file.

### **Intended Use**

This crochet pattern is suitable for individuals who have intermediate crochet skills and is intended for personal projects only. You may sell finished products created from this pattern.

### **Pattern Support**

You can contact me via [www.cutecrochetmakes.com](http://www.cutecrochetmakes.com)

Or via email [cutecrochetmakes@gmail.com](mailto:cutecrochetmakes@gmail.com) for any queries or support regarding the crochet pattern.

And pattern updates will be uploaded onto the above website. Ravelry & Lovecrafts purchasers will automatically receive the update pattern. Patterns purchased through my website will be emailed the updated version.

### **Instructions and Warnings**

The PDF includes step-by-step instructions how to create the crochet product.

Users should conduct a final inspection of the completed crochet item to ensure safety before use.

### **Safety Considerations**

**Skin Contact Safety:** The product should be washed after completion to remove chemicals or residues that might cause skin irritation. We recommend testing yarn for shrinkage, colourfastness, and allergen sensitivity before blanket construction.

### **Tools**

Exercise caution when handling sharp tools - scissors, pins and needles.

**Material Safety:** The responsibility for ensuring yarn compliance with applicable EU standards lies with the user.

**Flammability:** Materials used should meet EU textile flammability regulations. The finished product should not be used near open flames or heat sources.

**Child Safety Notice:** The product is not designed for use by children. The pattern and finished items are not suitable for children as they have not been tested for safety under child-specific regulatory standards.

### **Workspace Safety & General Guidelines**

Keep your workspace well-lit to ensure clear visibility of tools and materials.

Keep scissors, pins, and needles neatly arranged to avoid accidents.

Use a thimble when working with needles and pins to protect your fingers.

Avoid distractions (e.g. phones or loud music) while working with sharp tools. Always pay full attention when handling sharp tools to avoid accidents.

Inspect tools regularly for damage, such as bent pins or dull scissors, and replace them as needed.

Store scissors, hooks, needles etc. in a safe, dedicated container when not in use to prevent accidental injuries.

Ensure all sharp tools are out of reach of children and stored securely.
